LEPERS ARE INDIGNANT

Wilcox Unwelcome Among Molokai People.

HIS LEPER BILL IS THE CAUSE

Report of Threats to Tar and Feather the Delegate There.

According to news brought from Kalaupapa by the Lehua the lepers are very indignant over the attitude of Delegate Wilcox regarding their care. They were reported to have threatened to tar and feather him if he had made good his promise of coming to the Settlement with the Commission. Statements made before the Commission regarding the segregation of men and women also called forth a vigorous protest, and the lepers are afraid that the Senate Commission will recommend the passage of the Wilcox leper bill to which they are all much opposed. It will be remembered that at the time the bill was introduced the lepers at Kalaupapa sent a petition to Washington protesting against its passage.

For Photographing Bodies.

Dr. Pratt, executive officer of the Board of Health, has rigged up a novel appliance in the morgue for holding a camera over a dead body while a photograph is being taken. It consists of a board about three inches wide and two feet long, a row of small perforations appearing along the center. The perforations fit a screw taken from a tripod which in turn fits into a screw hole in the bottom of the camera. The line of perforations allows for an adjustment of focus. In this way any part of a body can be photographed, the camera pointing downwards.

This will be the last opportunity of hearing this young pianist of rare ability. Tickets can be had at the house and admission will be \$1.00. TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having a Permanent Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, you remove the effect."

They had a dispute, and agreed to leave it to the military expert. "What bullet," they asked, "do you consider the deadliest?" For several minutes he remained in a brown study. Then he looked up with the air of one who had settled the matter finally and definitely. "The one that hits," he said.—Tit-Bits.

Children When Teething have more or less diarrhoea. This should be controlled and can be, by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Every household should have a bottle at hand. Get it today. It may save a life. Benson, Smith & Co., Ltd., Wholesale agents, sell it.
